Upon strike of the production, all buildings must be returned to their previous condition. Everything will be taken off after the filming activities outlined in this permit and be replaced back later when they return for future dates

Special effects will include the use of prop guns with simulated gunfire at 3969 Center St. The store window will be shattered with airsoft simulated gunfire. Breakaway glass will be used to simulate the window breaking. Squib Hits will be used for explosive effects of picture cars and facades throughout filming. Filming will include flames from a propane-controlled fire onto picture cars, debris, and building facades. Atmospheric smoke will be added for dramatic effect including around the buildings and streets. There will be no gunfire or dangerous stunts involving vehicles.

This Film Permit only approves filming activities on private property within the unincorporated Ventura County at the specified locations listed above. All filming activity and closures within the County's right-of-way including roads and sidewalks are approved by Ventura County Public Works Agency (PWA) through an Encroachment Permit. For concerns regarding closure of the public right of way please contact PWA staff at [pwa.transpermits@ventura.org](mailto:pwa.transpermits@ventura.org) or (805) 654-2055.

The public is advised that controlled effects, such as simulated gunfire and fire effects, may be heard and seen during filming. These activities are permitted to take place during the listed filming times above. There will be no use of animals on set, large tents or canopies, grading, and minimal light impact attributed to night filming. All lighting is to remain confined to the filming area to minimize spill onto neighboring properties.

Filming activities will involve stunts and various equipment for stunts. A stunt fight scene will be shot by the flagpole area of the park on Center St. Additionally, filming equipment will consist of the use of a drone on set daily with licensed operators. The crew will utilize various camera rigs, including a Biscuit Rig on a vehicle with an actor and mounts for vehicle shots. A 120 ft crane will be used for high-angle shots, particularly for a stunt actor to be harnessed and raised above Center St. on Saturday, March 29 and possibly for a follow-up day. A total of seven Condor Lighting Cranes and production generators will provide necessary power for lighting, including for night filming. Additional generators will be set up at the base camp and catering areas to ensure sufficient power for operations. Catering will be provided by Location Gourmet under FA0042931.

Flags with veteran banners will be removed by the Set Dressing Department (on March 26, reinstalled on April 3). Approved by Luis Gonzales, Ventura County Public Works Agency. The Center St. Bus Stop at Piru Square will be moved to either the north or south side of Center St. between March 27 and April 4, approved by Matt Miller, Program Manager, Ventura County Transportation Commission.

Note: All film production activities (which may include: prep, film, strike, base camping, catering, etc.) at this location must begin no earlier than the start time and must end (and vacate the location) no later than the end time listed below.
